A close-up photograph of a light-colored wood surface, likely oak, showing a vertical grain pattern. A prominent knot is visible on the left side. The wood has a warm, natural tone with subtle variations in color and texture.

WD168

WD168

A close-up photograph of a wood surface with a vertical grain pattern. The wood has a warm, medium-brown tone with subtle variations in color and texture. A prominent, slightly darker, vertical streak or knot is visible on the right side of the image. The grain lines are closely spaced and run parallel to each other.

MW181

The image features a close-up, vertical view of a wood grain. The texture is characterized by fine, parallel lines running vertically, with occasional larger, more irregular patterns and knots. The color palette is a range of browns, from light tan and beige to deep, dark chocolate and near-black tones, creating a rich, natural appearance. The lighting is even, highlighting the subtle variations in the wood's surface.
