Technical data

Characteristic

- High brillance of colours
- Adhesive light
- Universal use

Finish

- Clear glossy
- self-adhesive with paper backing

Specifications

Release liner	siliconized paper ~ 0.145 mm		
Coating Printside	Power-Gloss®, clear glossy		
Width (mm)	1067		
Thickness base material with	0.110 mm		
inkjet coating			
Core Diameter	50 mm		
Adhesion strength	~ 3.5.N / 25 mm (A.F.E.R.A.), after 24 h ~		
	10 N / 25 mm (A.F.E.R.A.)		
Type of adhesive	polyacrylate dispersion, semipermanent		
Length (m)	20		
Base Material	calendered monomeric plasticized PVC,		
	0.100 mm		
Total thickness	0.260 mm		
Packing quantity	1 roll		

Compatibility

· Suitable for most Ink Jet plotters using dye- or pigmented inks

Handling

- Laminating: The printed surface must be protected with foils for cold lamination if it is subject to humidity, sweaty hands, abrasion or any other influences. For a short term outdoor use, SIVK must always be protected with a 5mm overlapping lamination.
- Gluing: SIVK will stick to any solid, smooth surfaces which are dry and free of dirt, grease, silicon etc. Before gluing it is absolutely necessary to check that the surface is appropriate to this aim and that it has been prepared (cleaned) professionally. During gluing the temperature must reach at least 15°C. You can remove SIVK by heating the film's surface with a hot air gun. Then pull it off carefully.

Storage

- Shelf life: 1 year after delivery
- After printing the remaining roll must be removed from the plotter and stored in its closed original packing in a cool and dry environment.

Product liability clause

The foregoing information and any consulting provided by us in terms of application engineering shall be given to our best knowledge, but shall not be considered binding information neither with regard to any third party industrial property rights. Any such consulting shall not relieve you from your own review of our current consulting information as to their suitability for the intended procedures and applications. It is the users responsibility to determine the suitability for his/her own use and application and test through the complete production process to ensure the product is fully suitable for the intended use, since conditions of use are beyond our control. The sale of our products shall be subject to

our current General Terms and Conditions. We reserve the right to make changes that serve to improve the product.
