productinformation

tesa® 4205

Transparent small item packaging tape

tesa® 4205 is based on a 28µm PP backing coated with a natural rubber adhesive. This product design provides good properties for sealing applications of small items. tesa® 4205 can be used on all common desk dispensers.

Main Application

- Sealing of small boxes or cans.
- Bundling of small items.

Technical Data

	Backing material	PP film		Adhesion to steel	2.5 N/cm
•	Total thickness	45 μm	•	Elongation at break	145 %
	Type of adhesive	natural rubber		Tensile strength	43 N/cm
