CEROTTI FARMACEUTICI - NASTRI AUTOADESIVI

---

## SAFETY DATA SHEET

---

EDERPLAST N° 535

---

### **1: IDENTIFICATION OF THE PRODUCT**

DOUBLE-ADHESIVE TAPE EDERPLAST N°535

Backing: transparent PVC (thickness 0,11)

Liner film: corrugated PPL

Adhesive: natural rubber + natural hydrogenated resins in solvent dispersion

Form: rolls / logs

### **2: PHYSICAL AND CHEMICAL PROPERTIES**

Physical state:	solid
Water solubility:	not soluble
Odour:	slight characteristic
Density:	not relevant
Vapour pressure:	not relevant
Viscosity:	not relevant
PH value:	not relevant
Flash point:	> 200°
Auto-ignition temperature:	not relevant
Explosiveness limits:	not explosive
Hazardous decomposition products:	none for the product applications
Chemical stability:	stable under normal handling and conditions

### **3: FIRST AID MEASURES**

General measures:	not relevant
Skin contact:	product normally not irritant
Eye contact:	not relevant
Ingestion and inhalation:	not relevant

## **4: FIREFIGHTING MEASURES**

After overthrow, dispersion, gas leak:

Possibility of hazardous reactions:

Hazardous thermal decomposition products in case of fire:

Suitable methods of extinction:

Unsuitable methods of extinction:

Firefighting instructions:

not relevant

emission for combustion of HCl fumes and toxic emissions as NO<sub>2</sub>, CO, CO<sub>2</sub>, H<sub>2</sub>O, foam, dry powder, water spray

-

appropriate self-contained breathing apparatus may be required

## **5: HANDLING AND STORAGE**

Production technical precautions:

Recommended personal equipment:

Hygiene precautions:

Storage precautions:

usual use of protective shoes and gloves

usual use of protective shoes and gloves

not relevant

keep away from boilers or heat sources  
protect from light and frost

## **6: TOXICOLOGICAL INFORMATION**

According to our experience and to the information we collected, the product, when properly used, does not cause damage for the health.

## **7: ECOLOGICAL INFORMATION**

Inert mass

TA – LUFT

Aquatic toxicity:

not relevant

0

## **8: WASTE TREATMENT**

Waste disposal:

in proper dumping ground or waste incineration plants of certified companies. The waste is to be considered similar to urban waste in accordance with Directive 915/82.

Avoid release to the environment. Products not biodegradable.

## **9: TRANSPORT INFORMATION**

Product considered not hazardous for transport.
