ONE WAY VISION

series 3715 for inside windows

 to be combined with
C-2TAPE135-30

C-PET137-30

Item	Description	Specification
Front Layer PVC	Type	Polyethylene terephthalate film (PET)
	Thickness	200 ± 10 micron
	Front Color	white matt (opacity 98%)
	Back Color	Coated full black
	Shrinkage	no shrinkage in any direction
	Surface tension	≥ 30 dyne / cm
	Holes No.	Average 100 / sq inch (square inch = mm 25,4x25,4)
	Hole Diameter	1.5 mm
	Distance Between Holes	3.0 mm
	Printing area	70% (holes 30%)
Liner	PET liner	Low tack PET liner just to avoid ink dispersion
	Total Weight & glue	100 gsm ± 5 - 75 my with dots thermoadhesive to ease liner removal
Sizes available	1,37 x 30 m	
Storage Period	12 months under ordinary condition at the average temperature of 15÷25 °C and relative humidity of 40-60%, out of direct sunlight.	
Applications	Suitable for digital printing, OWV for inside application: for signage display, shop window advertising, building glass walls. The product is for inside windows applications, to be combined with our C-2TAPE135-30. Inside mounting avoid graffiti problems and installation costs on windows that would require scaffolding (skyscrapers). In some countries (like France), inside mounting avoid also advertising taxes.	
Compatibility of machines and inks	Media is suitable for all solvent, eco-solvent inks. Especially designed for LAtex and UV flexible inks . Inks should be the original ink from the printer manufacturers. The best printing temperature is 16-32°C. Caution with eco-solvent- PET coating media have a maximum total Ink-Limit between 100-130%. Before starting the print operation, make sure the linearization on the RIP, is fixed in accordance with the specifics of the printer on which you want to print the PET media. Notes: before laminating with double side tape C-PET135-30, be sure that the ink's drying process- polymerization is completed.	
Safety Caution	REACH - According to the Italian Decree-Law nbr. 133 issued on 14.09.2009 published on the Italian Gazzetta Ufficiale, we inform that the the product is compliant with REACH regulations (Registration Evaluation Authorization of CHemicals). For further information, please refer to the certified copy available of the analyses worked out on the substances taken into consideration by REACH.	
Notes	Published information is based upon research and information which the Company believes to be reliable although such information does not constitute a warranty. Because of the variety of uses of the products and the continuing development of new applications, the purchaser should carefully consider the suitability and performance of the product for each intended use, and the purchaser shall assume all risks regarding such use. The seller shall not be liable for damages in excess of the purchase price of the product nor for incidental or consequential damages. All specifications are subject to changes without prior notice.
