

DATA SHEET

Cold Laminated Film (DCL-80)

Characteristic	Description
Colors	Clear
Film	Monomeric calendered vinyl
Gloss	Gloss & Matt
Thickness (Film)	80um±5um
Adhesive	permanent, acrylic based Pressure sensitive adhesive
Adhesive color	clear
Coating weight(Dry)	16g±2g
Liner	One side coated yellow wood-pulp paper
Weight, liner	100g±5g
Application surfaces	Flat and simple curves
Application substrates	Metal, paint, rigid plastic
Application temperature range (air and substrate)	3 ~ 38° C
Removability	N/A
